TYPING

To the Dr of P H
L 360 dated 11 Dec
Calls for further information and explanation for the lapsing of the grant

Letter No C 9328 Dated the 23 11 41, from the D. of P H in Typ. furnishing the information called for. There is an inordinate delay of nearly 16 months in furnishing the information called for. by the Dir of P H
The information furnished does not throw light on certain points, on account of conflicting versions
From the records it is seen that the first stage of the Hassan Drainage scheme was completed during the Yr 38 39 from out of the following sources

	Rs
1) Govt grant for 37 38	5,000
2) Rec Grants for 37 38	5,000
3) From the first grant of Rs 5000 for 38 39	2000
	12 000

NOTE—C ntn Sheet

additional Grants for the Kanam Drainage scheme

Fil No 3110/2 of 194

General and Revenue Secretariat

Serial No

5. The D.P.H. now states that out of the total Grant of Rs 5000 sanctioned for the yr 38-39, the amount was withheld for the IIIrd stage, but Rs 4,108 was withheld for the 2nd stage of drainage, then

6. Thus it is seen that instead of withholding Rs 2,000 out of the first Grant of Rs 5,000 sanctioned in G.O. dated 6.9.38, for the IIIrd stage of drainage, it has not only been allowed to lapse but against a first Grant of Rs 3,000 for the 2nd stage an excess of Rs 1,108 & it has been incurred, without obtaining sanction of Govt which is illegal

7. The enforcement & forthcoming are to who is responsible for the lapse of the above Amount. The D.P.H. in the circumstances requests sanction for an additional Govt grant of Rs 2,000 for closing the accounts of the Drainage works Submitted for orders, as in the reference

Rev 27/11/41 Apparently the D.P.H. has not been able to furnish the information required by the Comptroller — Vide the last page of enclosure to the D.P.H.'s letter — on the month of outlay on the 18th Stage & the number of Schedule Dockets Cleared, the Work Register & Statements of Appropriation have not at all been maintained properly

of Hassan. No useful purpose is served in pursuing the question further. As Bills are stated to be outstanding if the expenditure has become unavoidable, a grant of Rs 2011 may be allowed from the reserve under T.I. grants after Consulting the Comptroller also.

8/12 10. In the circumstances stated 27/11/41 by the Dy. P.H., a grant of Rs 2011 may be sanctioned out of the reserve under T.I. grants for closing the accounts of the first stage of the drainage scheme in the Hassan Town completed in the year 1938-39.

11. The delay of sixteen months in furnishing the information called for shows the confused state of accounts kept maintained in the Bureau of Sanitary Engineering and the Comptroller will be requested to go into the question and suggest ways of improving it.

SIR

Subject - Additional grant required for the first stage of Hassan Drainage works

---

I have the honour to forward herewith a copy of letter No 1639 dated 10th April 1940 of the Sanitary Engineer stating that although the first stage of Hassan Drainage work was completed in 1937-38 the full outlay was not booked but it was limited to only Rs 10,732-7-11 and the amount of Rs 2,000/- sanctioned during 1938-39 as per Government Order No L 9725-8/37 182-13-4 dated 6-6-1939 was allowed to lapse A sum of Rs 5,740/- has been booked under construction and final bills amounting to Rs 1,267/- are still pending to be paid A sum of Rs 2,000/- is therefore necessary to pay the pending bills and to adjust the extra expenditure of Rs 740/- booked under contribution

I therefore request that an additional grant of Rs 2,000/- provided for the above work in the Re-appropriation statement submitted to Government with his office letter No C 1117-89 dated 5/6-6-40 may kindly be sanctioned

---

I have the honour to be,

Sir,

Your most obedient servant,

P Parthasarathy

Director of Public Health

Letter No 1639 dated 10th April 1940 from the Sanitary Engineer, Bureau of Sanitary Engineering, Bangalore, to the Director of Public Health in Mysore, Bangalore

---

Regarding the first stage of Hassan Drainage

I have the honour to state that in Government Order No L 9725-8/M1 182-37-4 dated 6th June 1939, the estimate amounting to Rs 12,000/- for the above work was sanctioned From the preamble of the above order, it is seen that so far as the funds for the work are concerned, a sum of Rs 5,000/- is obtained from the Municipal Council during the year 1937-38 while the balance of Rs 7,000/- is provided by Government - Rs 5,000/- being provided during the year 1937-38 and the balance during the year 1938-39

The above work which was estimated to cost Rs 12,000/- has been completed at an outlay of nearly Rs 12,000/- The final bills amounting to Rs 1,267/- are still to be paid while the outlay booked so far is Rs 10,732-7-11 From the C Register, however, it has been observed that during June 1939, an adjustment has been put withdrawing a sum of Rs 4,040-15-11 from 30 Grants 3 and transferring it to Contribution, so that the total outlay booked under contribution and 30 Grants (3) to end of June 1939 are respectively Rs 5,740/- and Rs 4,993/- No further outlay was booked during the month, so that the Government grant of Rs 2,000/- given during the year 1938-39 has been allowed to lapse

According to the above Government Order the Municipal contribution is limited to Rs 5,000/- and all the expenditure over and above it has to be debited to Government grants I therefore request that a sum of Rs 2,000/- may be made available by re-appropriation during the current year to enable me to pay the final bills and close the accounts connected with the above work which has been completed long ago

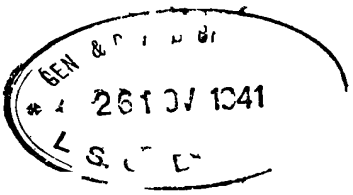
Bangalore.



Sir

Additional Government grant of Rs 2,000/- for the Hassan Drainage (First Stage)

With reference to your letter No L 360 dated 11th July 1940 on the above subject enquiring how the grant of Rs 2,000/- is stated to have lapsed when it has already been reported that the first stage was completed in the year 1938-39, I have the honour to inform with regret that the delay in sending a reply to the above enquiry is due to nonreceipt of a satisfactory reply from the Sanitary Engineer,

In his letter No 179 dated 3rd August 1940 the Sanitary Engineer intimated that definite information as to why the grant of Rs 2,000/- was not utilised was not available from the files of his office On pressing the matter further asking him to send a detailed explanation as to how the amount was allowed to lapse, the Sanitary Engineer in his letter No 1116 dated 19th December 1940 intimated that the error occurred as a result of want of proper scrutiny in the accounts branch during the period and that the circumstances were such that no definite responsibility could be fixed on any official or officer for the same

As the report about completing the work of the I stage was submitted by the then Sanitary Engineer, Mr N Krishna - Iyengar, the matter was also rererred to him After verification of the work register and files from the Sanitary Engineer's office he reported in his No 11 dated 28-7-1941 that against the

the original proposal of utilising (out of the total grant of Rs 5,000) Rs 2,000 for Ist stage and Rs 3,000/- for the II stage, a sum of Rs 4,108 was utilised for the second stage itself and no amount for the Ist stage He reported that the amount actually lapsed was Rs 892/-

On further enquiry, the Special Officer in his letter No 48 dated 9th September 1941 intimated that a sum of Rs 4,108-9-11 was booked during 1938-39 against the Government grant of Rs 3,000/- for the second stage and the excess of Rs 1,108-9-11 written back to deposits during 1939-40 As for the first stage a sum of Rs 4,040-15-11 was in fact booked against the Government grant but the same was written back to deposits in June 1939- Thus the outlay actually incurred during 1938-39, the Government grant for the Ist stage was nil and for the second stage Rs 4,108-1-11 exceeding the grant of Rs 3,000/- for second stage by Rs 1,108-9-11

The Comptroller who was consulted in regard to the correctness of the amount written back to deposits in 1939-40 for the second stage, intimates in his letter No 410/WAD-I dated 17th October 1941, copy enclosed, that the subsequent withdrawal of Rs 1,108-9-11 in 1939-40 has no effect over the excess outlay over the grant incurred in the previous year

Under the circumstances, out of the grant of Rs 2,000/- for the Ist stage no expenditure was incurred and it lapsed, and against the grant of Rs 3,000/- for the second stage an excess of Rs 1,108-9-11 has been incurred No definite reply fixing the responsibility for the lapse has as yet been received from the Sanitary Engineer In his latest letter No 472 dated 26-9-1941, he states that formalities relating to recording of sanctions etc , in the Accounts Branch does not seem to have been observed due to irregular transit of papers amongst the section concerned at the tail end of the year

As the matter has been long pending and final bills for the work are reported to be remaining unpaid, I request you to be so good as to obtain and convey sanction of Government for a grant of Rs 2,011/- out of the reserve under Town Improvement Grants during

durin_ the current year' 'anitary En_ineer's letter No 1116 dated 19-12-40 gives details as to how the amount of . 2,011/-is arrived at Copies of the letters of the Sanitary En_ineer and the Special Officer referred to in the letter are enclosed for the information of Government

I have the honour to be,
Sir,
Your most obedient servant,
[illegible]
Director of Public Health

Letter No 1116 dated 19th December 1940 from the Sanitary Engineer, Bureau of Sanitary Engineering, Bangalore, to the Director of Public Health in Mysore, Bangalore

---

Regarding the grant required for the Hassan town drainage works -

With reference to correspondence ending with your letter No C 93-7 dated 23rd September 1940, I have the honour to state as follows -

The estimated cost of the first stage of the Hassan drainage work is Rs 12,000/-, for the execution of which a sum of Rs 5,000/- was provided as Government Grant during the year 1937-38, while an equal sum was paid as municipal contribution during the same year During the year 1938-39, however, a Government Grant of Rs 5,000/- was sanctioned in Government Order No L 2014-25/Ml 97-38-2 dated 6-9-1938 without specifically mentioning the stage for which this was meant, and a sum of Rs 2,000/- out of this was proposed to be utilised as Government Contribution required to complete the first stage

So far as the work and the outlay on the same are concerned, during the year 1937-38 an outlay of Rs 4,993-14-0 was booked against the Government Grant of Rs 5,000/-, while a sum of Rs 1,697-10-0 was booked against the municipal contribution of Rs 5,000/- and during the year 1938-39 until May 1939, a further outlay of Rs 4,040-15-11 was booked against the Government Grant, sothat in May 1939, thetotal outlay booked against the Government Grant was Rs 9,034-13-11, while the outlay booked against the Municipal contribution was only Rs 1,697-10-0 totalling to an outlay of Rs 10,732-7-11

It is seen from the records that the note No 1219 dated 5th May 1939 put up while submitting the unofficial file and the Government Order No L 9725-8/Ml 182-37-4 dated 6th June 1939, in the preamble of which the above proposal of utilising Rs 2,000/- for completing the first stage of the work is mentioned has not been followed in the

P T O

the Accounts Branch, with the result that the outlay booked against the Government Grant during the year 1938-39 was withdrawn by a Transfer entry during the end of June 1939 in order to limit the expenditure against the Government Grant to the figure of Rs 4,993-14-0 already booked during the year 1937-38 This error has occurred as a result of want of proper scrutiny in the accounts branch, during the period under reference, and I feel that the circumstances have been such that definite responsibility cannot be fixed on any official or officer for the same

The final bills of the above stage amounting to Rs 1,132/- (including arrears) are pending payment for want of funds, so that if the above bill is paid and necessary establishment, tools and plant charges are included on the same, the total outlay on this work will be Rs,12,005/- (including arrears) After adjusting a sum of Rs 5,000/- to the Municipal Contributions paid for this stage of the work, the outlay to be booked against the Government Grant will be Rs 7,005/- and after deducting the sum of Rs 4,993-14-0 which has already been debited to the Government Grant during the year 1937-38, the amount still to be contributed by Government to close the above work will be Rs 2,011/- and I request that sanction of Government may kindly be obtained for the payment of this amount during the current year

---

Letter No 48 dated 9-9-1941 from the Special Officer, Bangalore City Drainage Division, to the Director of Public Health in Mysore, Bangalore

Re The additional grant of Rs 2,000/- for the Hassan Drainage I Stage

---

With reference to your Memo No C 93-19 dated 5-9-1941 regarding the above, I have the honour to reply as follows to the observations made therein -

In Government Order No L 2014 -25/Ml 97-38-2 dated 6-9-1938 Government sanctioned a grant of Rs 5,000/- for the Hassan Drainage scheme for the Official year 1938-39 The Sanitary Engineer in submitting the estimate for the first stage proposed in his No 1219 dated 6-5-39 that the above grant would be appropriated as follows -

Rs 2,000/- for the I stage
Rs 3,000/- for the II stage

Government in conveying sanction to the estimate of Rs 12,000/- for the first stage have approved the above proposal (vide G O No 9725-8 Ml 182-37-4 dated 6-6-1939) and in Order No L 9731-4/Ml 158-38-31 dated 6-6-1939 conveying sanction to the estimate for the second stage amounting to 10,500/- Government stated that the cost which was anticipated to reduce itself to Rs 8,000/- on account of low tenders may be met as hereunder

a) Balance out of the Government Grant of Rs 5,000/- for 38-39 after appropriating Rs 2,000/- for the I Stage -- Rs 3,000/-

b) Municipal quota Rs 5,000/-

The Subjoined statement shows the expenditure incurred on the two stages both against Government Grant and Municipal contributions to end of 1940-41

	1937-38		1938-39		1939-40		1940-41		Total
	Grant	outlay	Grant	outlay	Grant	outlay	Grant	outlay	
I Stage Govt Grant	5 0 -	4993 14-0	2 0 -	nil	-		-		4993 14-0 ✓
Contribution	500	1663 14-0		474 11 11	-		1132		6870 9 11
		6657 12-0		4074-11-11			(to end of 5/41		11864 7 11
II Stage Govt Grant			3	- 4108 9 11	- 1108 9 11		- 4108 9 11		3 0 -0
Contribution			5	nil	- 4631 4-9		-		4631 4 9
					8739-14-9				12 7,631-4-9

During 1938-39 a sum of Rs 4,040/-15-11 was in fact booked against the Government Grant (in November 1938) under the Ist Stage, but as this would exceed the Govt Grant of Rs 2,000/- the outlay was written back to deposits - contribution in June 1939 (vide Adj No 78)

From the above statement it can be seen that the outlay against the Government grant for 1938-39 was nil under the I stage and -- Rs 4,108-9-11 under II stage, and hence, while the sum of Rs 2,000/- proposed to be appropriated for the I stage was not availed of, the same was partly utilised to cover the expenditure of the II stage and the Municipal quota of Rs 5,000/- for the II stage was not at all availed of during 1938-39 Thus the expenditure booked against the Government grant of Rs 5,000/- for 1938-39 for both the stages was only Rs 4,108-0-0 resulting in a lapse of Rs 892/- as already reported

As regards the total outlay on the II stage, it was only Rs 4,108/- to end of 38-39 and at the end of 40-41 it is only Rs 7631-4-9 as can be seen from the above statement The outlay of Rs 8,000/- referred to is not the actual outlay but only the anticipated outlay on account of low tenders, as reported to Government in your No C 1172-16 dated 13-5-1939

The above figures and statements were verified with the work registers and the file of correspondence obtained from the Sanitary Bureau, which I left nearly two years ago

Re the additional grant of Rs 2,000/- for the Hassan Drainage I Stage

---

In continuation of my letter dated 27-5-1941 regarding the above, I have the honour to furnish my reply in the matter as follows, after going through the file of correspondence connected with the above -

The whole question seems to have cropped up by the remarks made in the 2nd para of Sanitary Engineer's letter No 1639 dated 11-4-40 that the Government grant of Rs 2,000/- was allowed to lapse" while in fact a sum of Rs 4,108/- from out of the grant of Rs 5,000/- provided for 38-39 under 30 (G) (3) was appropriated to meet the outlay on the second stage of the Hassan Drainage Scheme. Thus the amount allowed to lapse was only Rs 892/-

Further, mention is made in Sanitary Engineer's No 1916 dated 23-5-40 of "an extra grant having been given in G O No L 9725-8/M1 182-13-4 dated 6-6-39 for this work. When this order was received I was absent at Bombay on deputation, and it was unfortunately not placed before me after my return. In fact even in this order no additional grant was given, but Government, in conveying sanction to the estimate for the first stage have only approved the proposal made in Sanitary Engineer's No 1219 dated 6-6-1939 that the sum of Rs 5,000/- allotted for 38-39 would be appropriated as follows -

Hassan Drainage	I Stage	Rs 2,000/-
	II Stage	Rs 3,000/-

But by May 1939 the second stage was in full progress and the sum of Rs 5,000/- was wholly appropriated for the second stage only, against the original proposal of utilising it for the both the stages. As the residual amount of Rs 892/- over the expenditure of Rs 4,108/- incurred on the second stage in June 39 could not meet the final claim relating to the first stage, it could not probably be availed of, and hence allowed to lapse

Under the above circumstances, I have the honour to state that although the work was completed in 38-39 as reported in Sanitary Engineer's letter No 1219 dated 6-5-39, the final claims of the contractors could not be discharged as there was some delay in taking final measurements and that the grant was utilised for payment in 6-39 of the first bill of the contractors who were executing the II stage of the work The amount of grant lapsed is only Rs 892/- and not Rs 2,000/- as reported and I request that Government may be addressed to kindly drop the matter in view of the fact that the whole trouble was due to an error in expression in the previous reports

Regarding additional grant of Rs 2,000/- for the Has an Drainage Ist Stage

---

With reference to your memo No C 93-3 dated 23/24th July 1940 forwarding a copy of letter No L 360 dated 11th July 1940 from the Secretary to Government, Law Department, Bangalore, calling for information as to how the grant of Rs 2,000/- was allowed to lapse when the Ist stage was reported as completed in the year 1938-39, I have the honour to state that as explained in this office letter No 1916 dated 23/24th May 1940, although the work was completed in the year 1937-38, the entire outlay had not been booked, but was limited to Rs 10,732-7-11 This was done since the grant available till 6th June 1939 was only Rs 10,000/- i e , Government Grant Rs 5,000/- and Municipal Contribution Rs 5,000/- The extra grant of Rs 2,000/- sanctioned as per Government Order dated 6th June 1940 appears to have been not utilised by arranging payment of the pending bills Definite information on this point as to why the amount was not utilized is not available from the files of this office

The works are completed, but bills to the extent of Rs 1,267/- are still due to be paid while there is a minus balance of Rs 740/- under contribution Hence a sum of Rs 2,007/- is required to close the accounts and it is requested that the same may be allotted out of current year's funds

---

LetterNo 472 dated 26th September 1941 from the Sanitary Engineer to the Director of Public Health in Mysore, Bangalore

---

Adverting to your letter No 93-20 dated 4th September 1941, re.Hassan drainage works, I have the honour to state that the works Register and that of Appropriations are maintained in the Accounts Branch and that of Estimate in Drawing Branch where sanctions to estimates are recorded inthe latter Register The allotment of grant is recorded in the Register of Appropriations in the Accounts Branch In the present instance all these formalities do not seem

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE

Read — Abs

Government Order No.L.972-8/M1.182-37-4 dated 6th June 1939 sanctioning an estimate for Rs.12,000/- for the first stage of the Drainage Scheme of the Hassan Town Municipality.

2. Letter No.C.300-20 dated 24th June 1940 from the Director of Public Health stating that the grant of Rs.2000/- sanctioned for the aforesaid work during the year 1938-39 was allowed to lapse and requesting, in the circumstances reported, sanction to an additional grant of Rs.2,000/- to pay the pending bills and to meet the extra expenditure of Rs.740/- booked under contribution

3. Correspondence ending with letter No.C.93-28 dated 25th November 1941 from the same officer furnishing further information on the subject explaining how the grant referred to was allowed to lapse and stating that the first stage of the Hassan Drainage Scheme completed would entail a total cost of Rs.12,000/- including the Establishment and Tools and Plant charges and also the pending bills and requesting sanction to a grant of Rs.2011/- out of the reserve held under the Town Improvement Grant for the current year, so that the final bills pending may be paid off and the accounts finally closed.

ORDER NO. L6541-44/M182-41-4

Dated, Bangalore, the 30th January 1942.

Sanction is accorded to a Government grant of Rs.2011/- out of the reserve available under the Town Improvement grants for the current year, with the observation that the delay in utilising the grant thus allowing it to lapse and in reporting the excess expenditu

expenditure incurred and applying for additional grant therefor in time should have been avoided
